ONE OF OUR CREATURES WENT TO THE SURFACE, LOOKING FOR FOOD. THEIR GUNS WERE USELESS.

BY THE TIME WE GOT TO THE SCENE, HIS FRIEND HAD MANAGED TO SAVE HIM. UNFORTUNATELY, HE HAD TAKEN MULTIPLE BITES TO THE HEAD. HE DIED AN HOUR AGO.

AAH!
...Where am I!?

IN THE CAVE, AGAIN. IN ONE OF OUR LABS.

Who are you?...Where's Lauren?

...AT THE SPECIMENS. IN THE ISOLATION TANKS... THE PEOPLE WHO RUN THIS PLACE CREATED A NEW LIFE FORM.

...Ok... gross... Where's Lauren?

ZZPT
LOOK...

OF COURSE, EVERYTHING WENT WRONG, AND IT VANISHED SOMEWHERE IN THIS CAVE...

...WHAT YOU SEE HERE IS WHAT WE WERE ABLE TO RETRIEVE FROM IT.

I'M TRYING TO EXPLAIN...

...THE ORGANISM INFECTS AND ABSORBS ITS VICTIMS. IF THE VICTIM MANAGES TO ESCAPE, THEY EITHER MUTATE OR DIE.

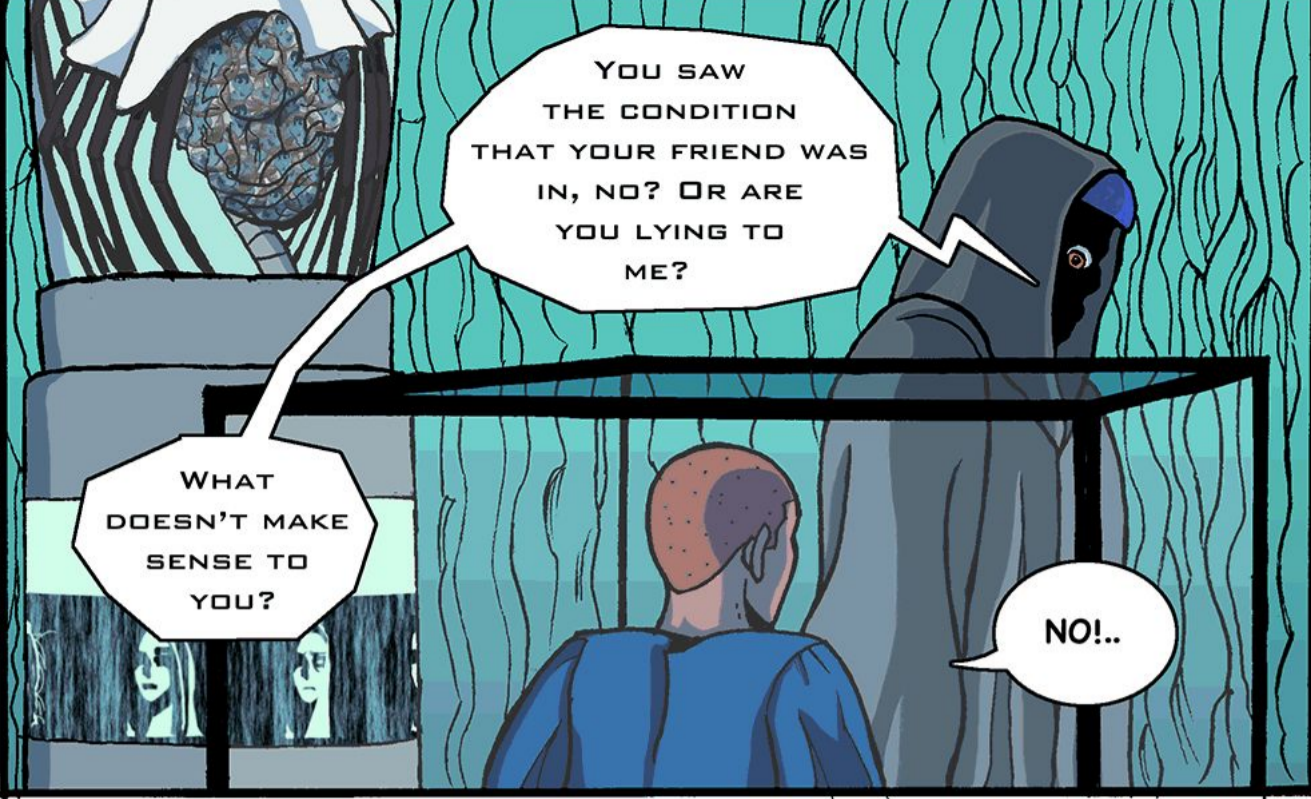

ZZPT... EXCEPT FOR YOU. HOW ARE YOU IMPROVING?

What? You're not making ANY sense...

AREN'T I?

THE SURVIVORS ALSO INFECT OR CONSUME OTHER LIFE FORMS...

The girl who was with me, where is she?!

...And where are my friends!?

SHORT ANSWER, SHE'S DEAD.

YOU'RE THE ONLY SURVIVOR.

NOW, HOW ARE YOU IMPROVING!? ANSWER ME!

Chaney!? CHANEY!?

Your camera's dead!

GREAT, *ZZPT* THEY'RE GETTING IN HERE...

...BUT THAT'S NOT WHY YOU CALLED ME.

Of course not. Two things...

One, ADMIN is very late.

THEY'LL COME.

You're sure--

TINK!

TINK!

TINK!

TINK!

TINK!

THEY'VE BEEN LATE BEFORE.

Hm.

It's been TWO DAYS. You're sure that they can't hear us?

LEE, I TOLD YOU, *ZZPT* THERE'S NOTHING TO WORRY ABOUT!

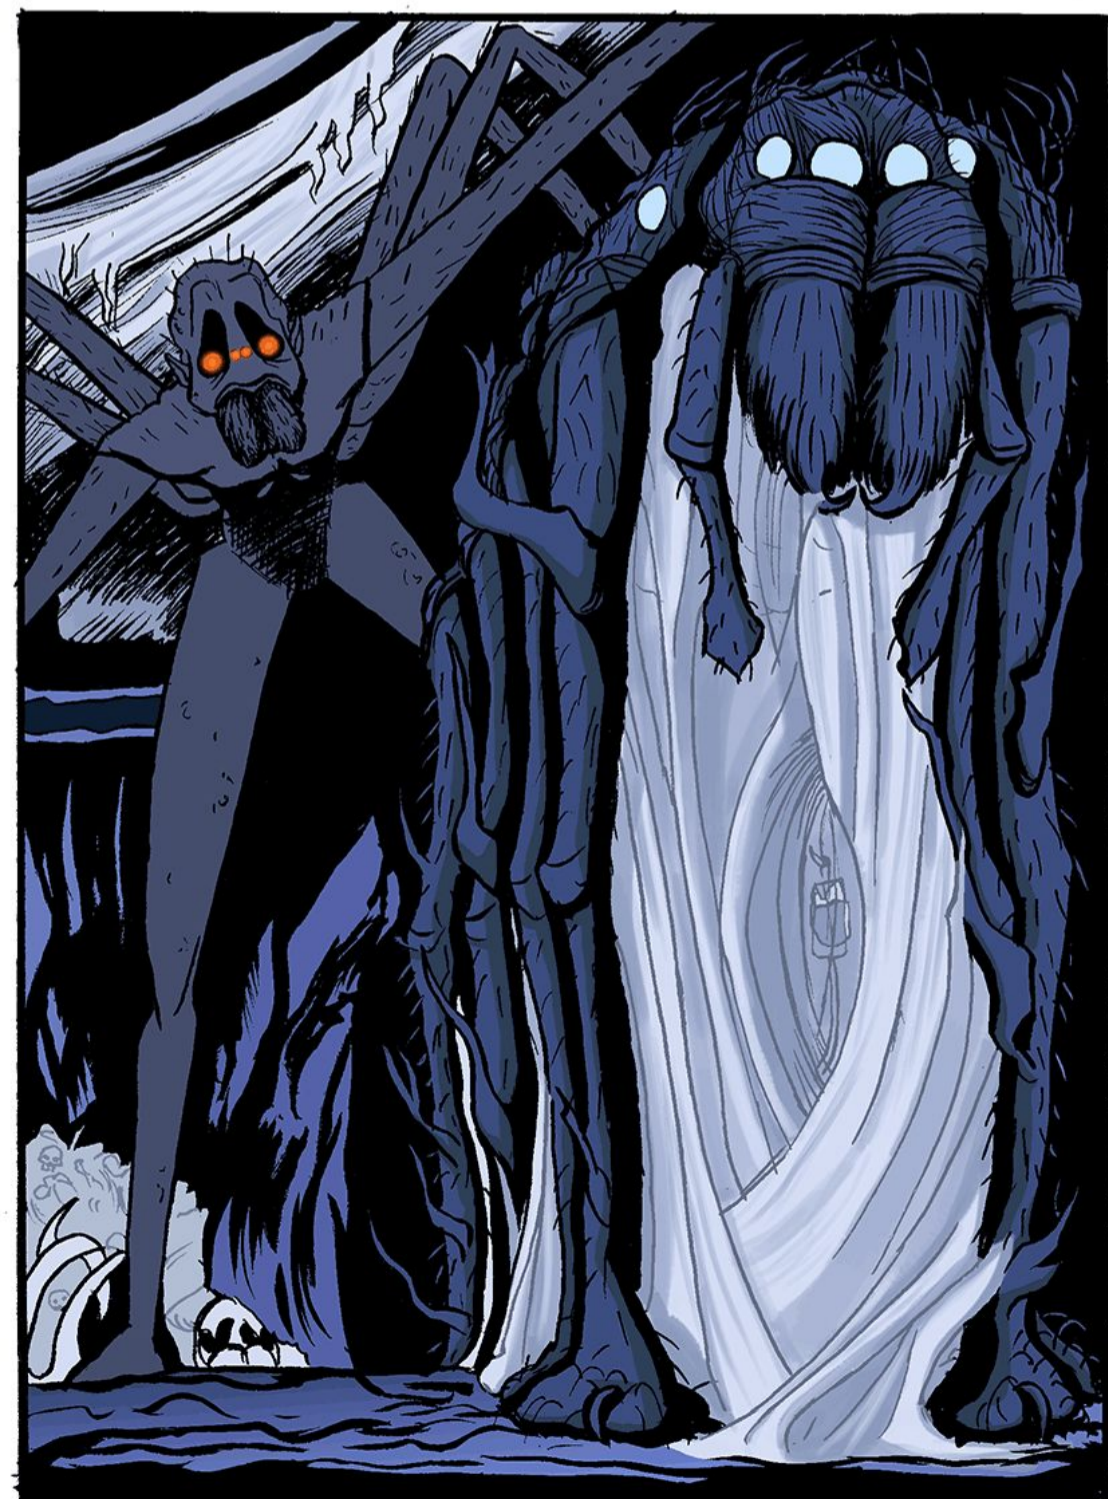

ADMIN HAS GOTTEN SO INCOMPETENT, AND THEY DON'T CARE ABOUT US.

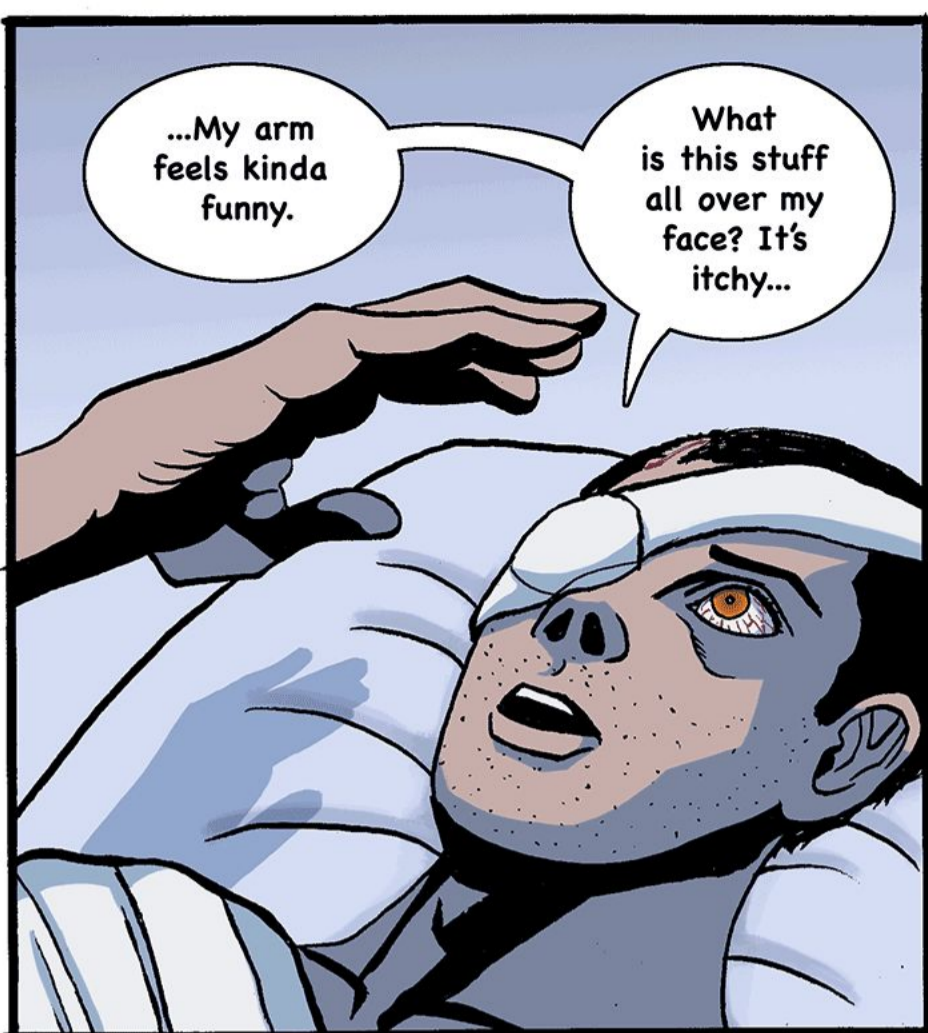

WHAT'S THE SECOND PROBLEM?

Oh, this sonuvabitch! I can't find him.

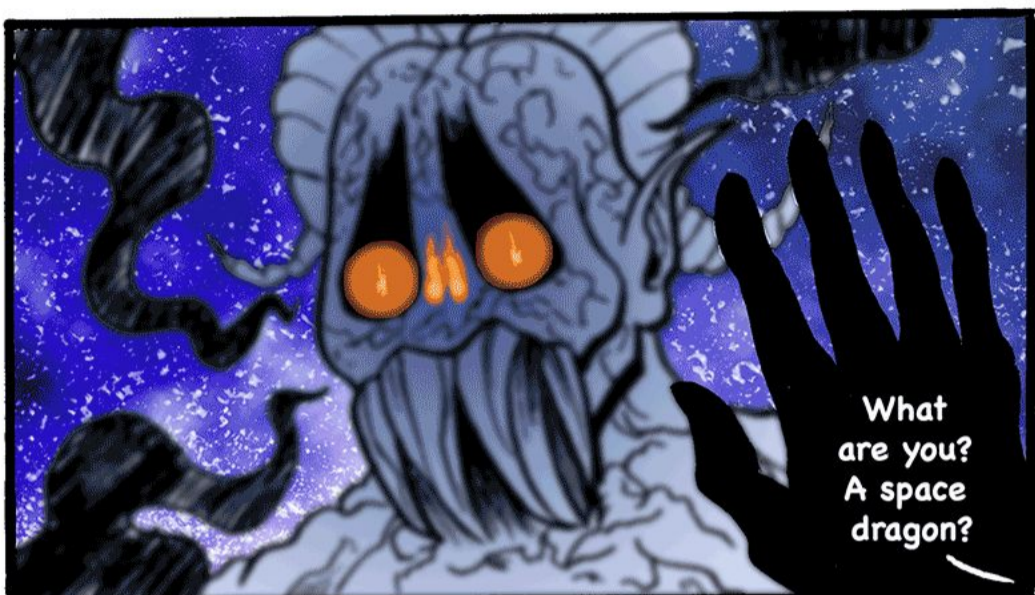

Should we worry about it?

...My arm feels kinda funny.

What is this stuff all over my face? It's itchy...

What are you? A space dragon?

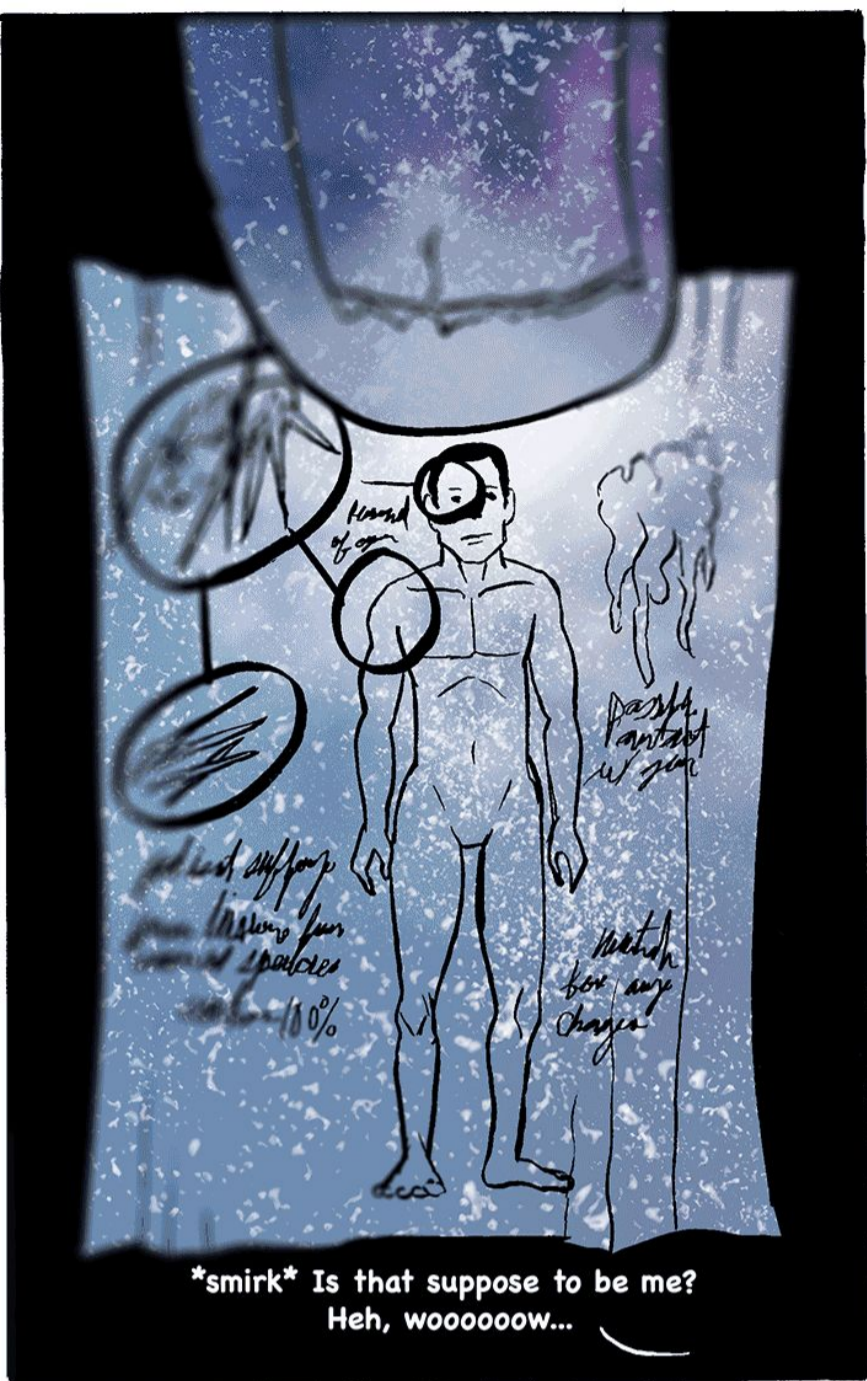

HEY! Don't touch me!

...Am I a NINJA?

...I don't get it.

smirk Is that suppose to be me?
Heh, woooooow...

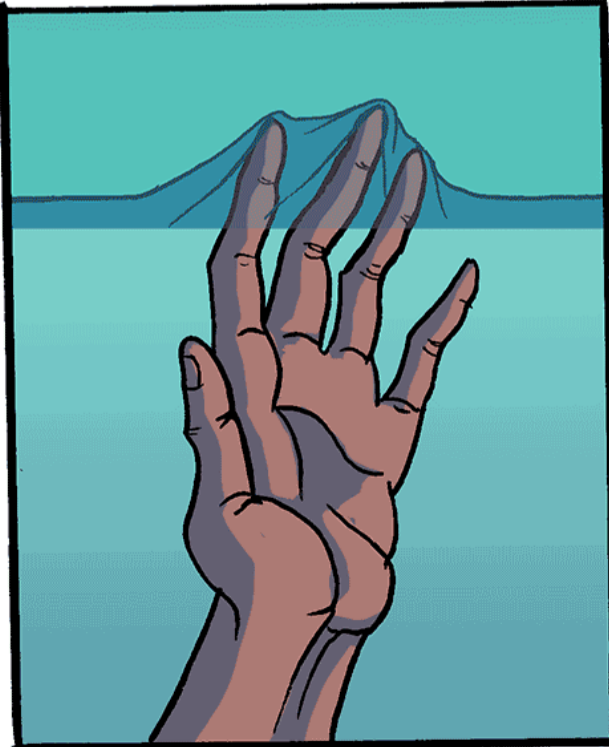

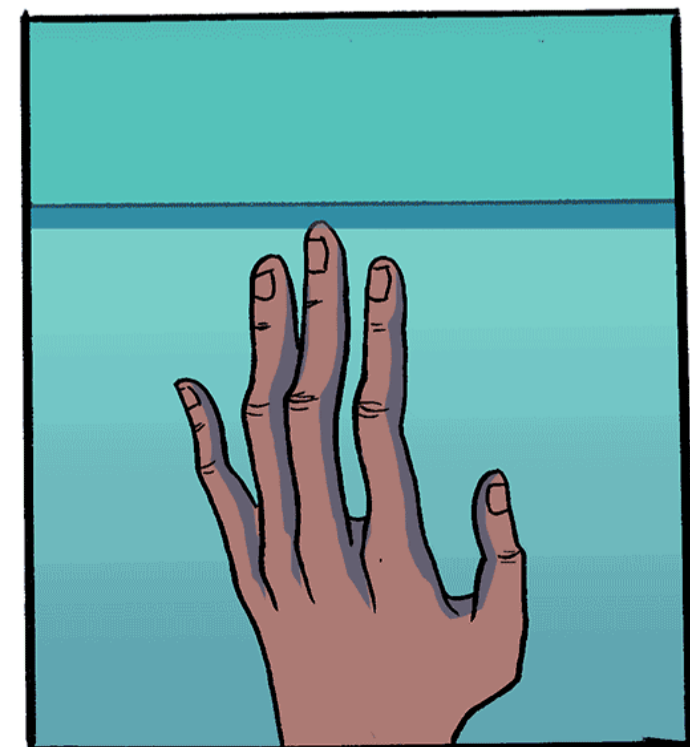

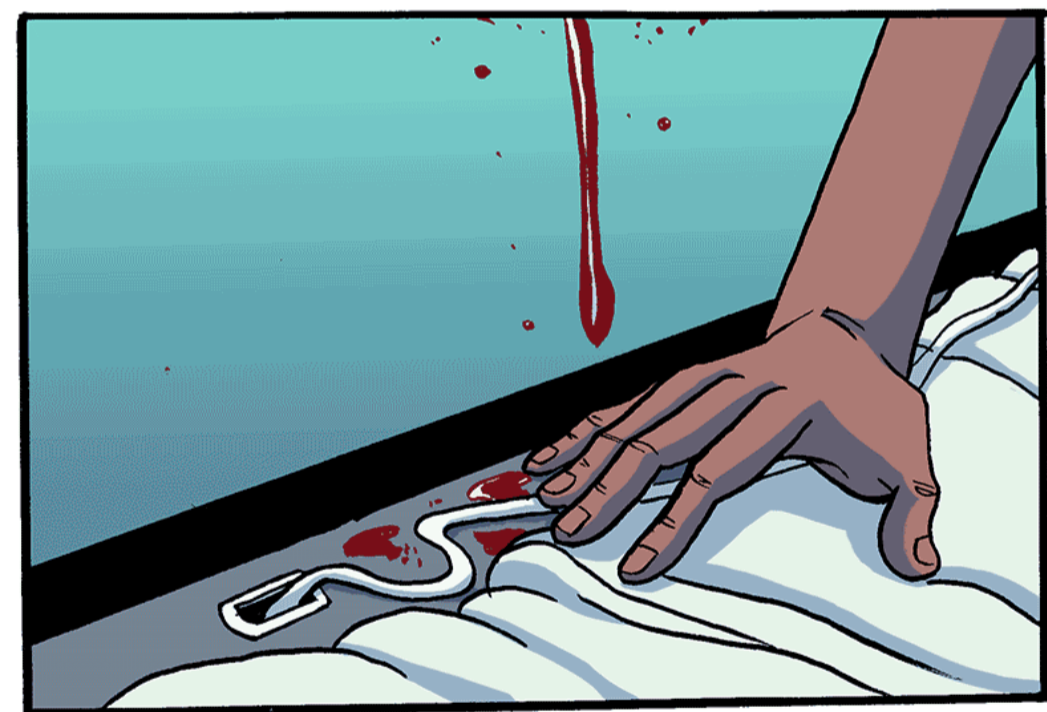

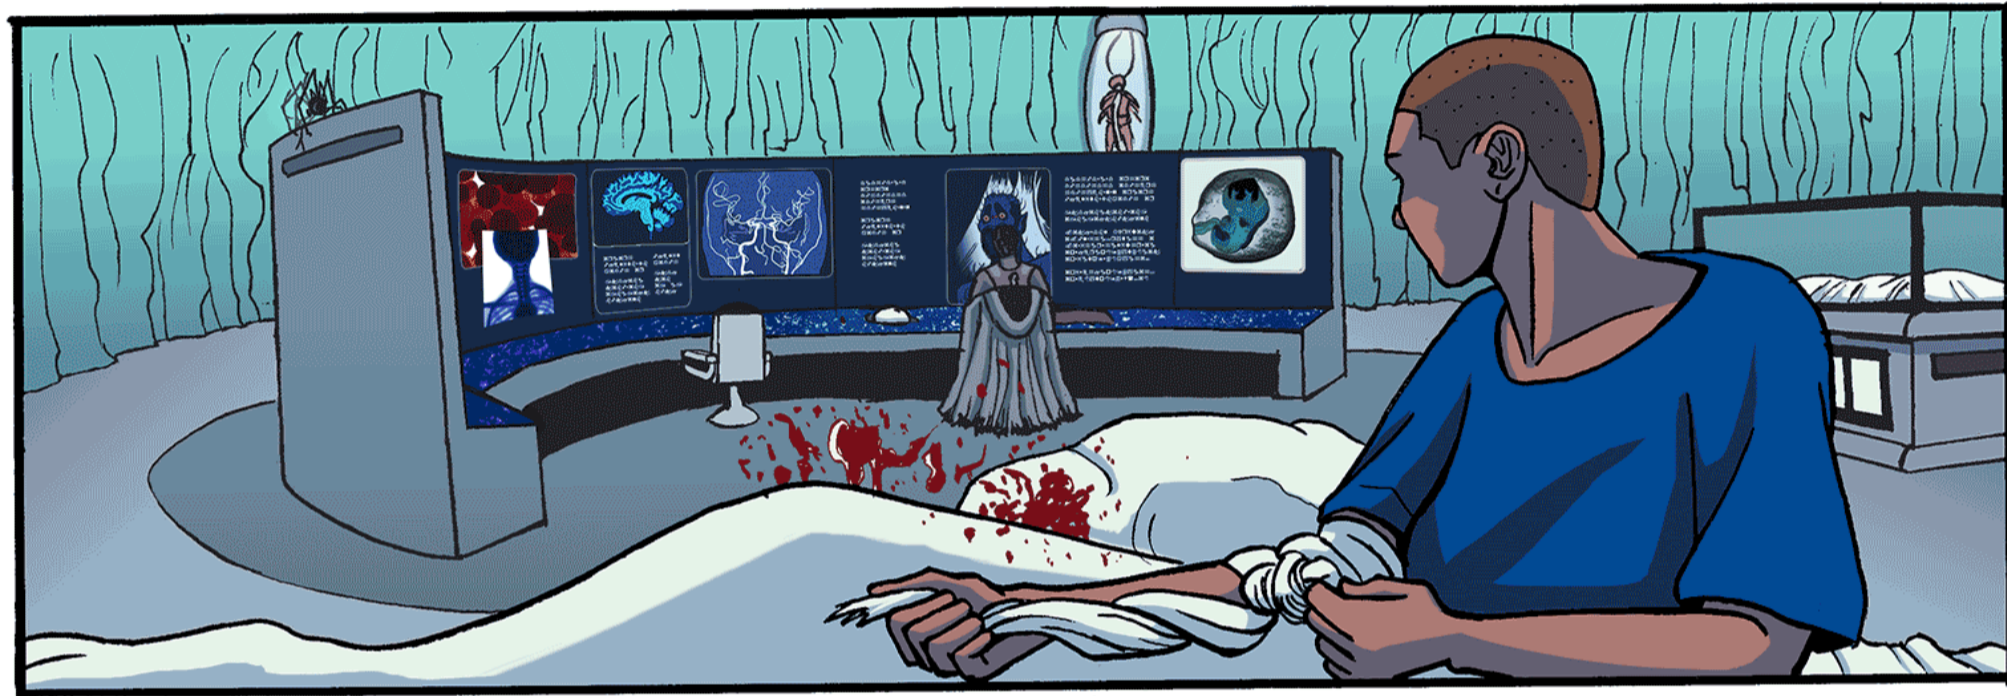

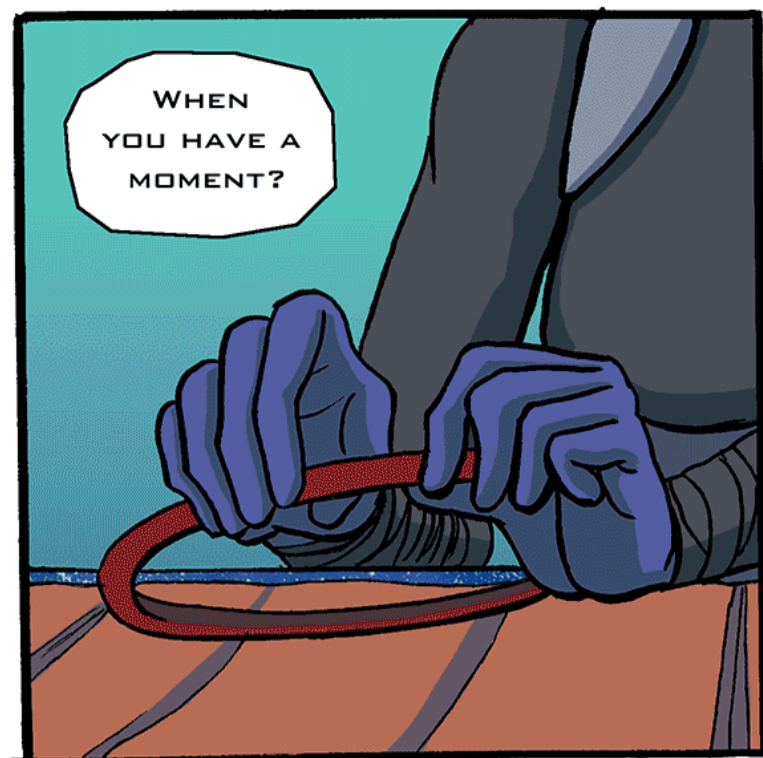

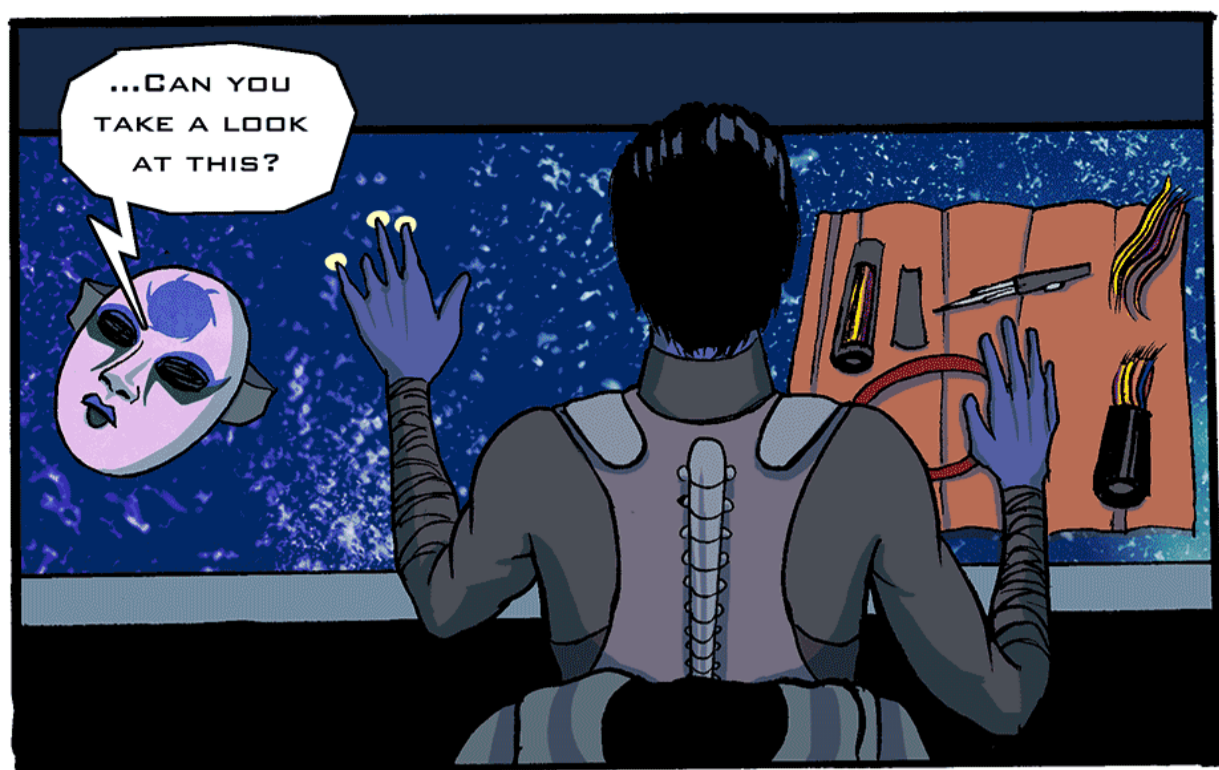

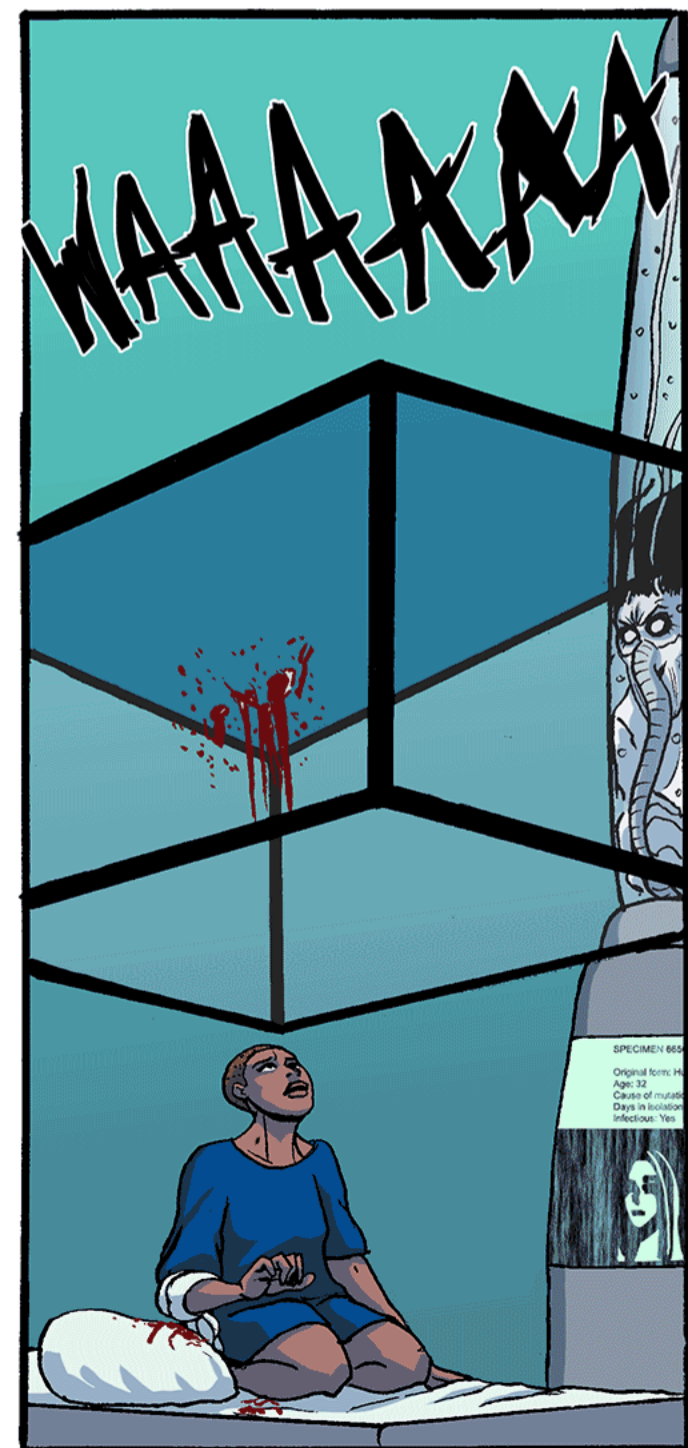

It's not a good drawing, but I'll keep it. Thank you Mr. Space Demon!

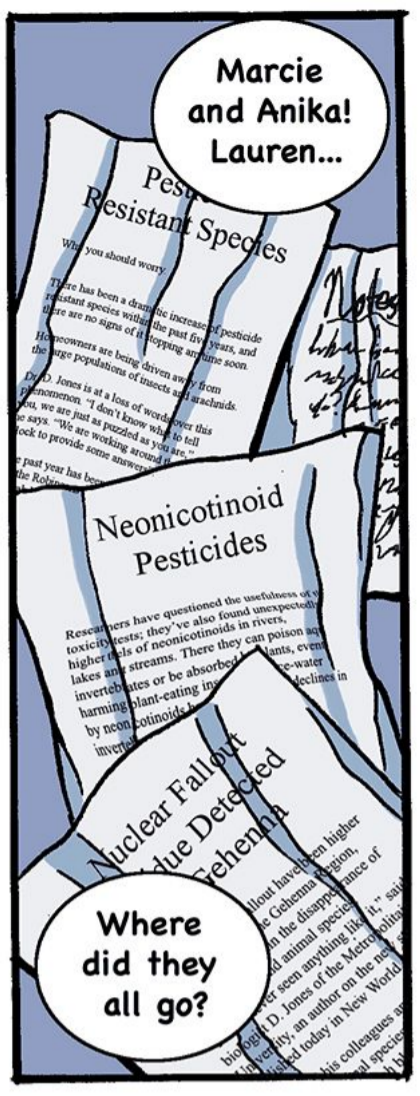

I can't read ANY of this!

It's either the handwriting, or Max's eyesight is terrible..

...Where the hell am I?...

SHIT!

Marcie and Anika! Lauren...

Where did they all go?

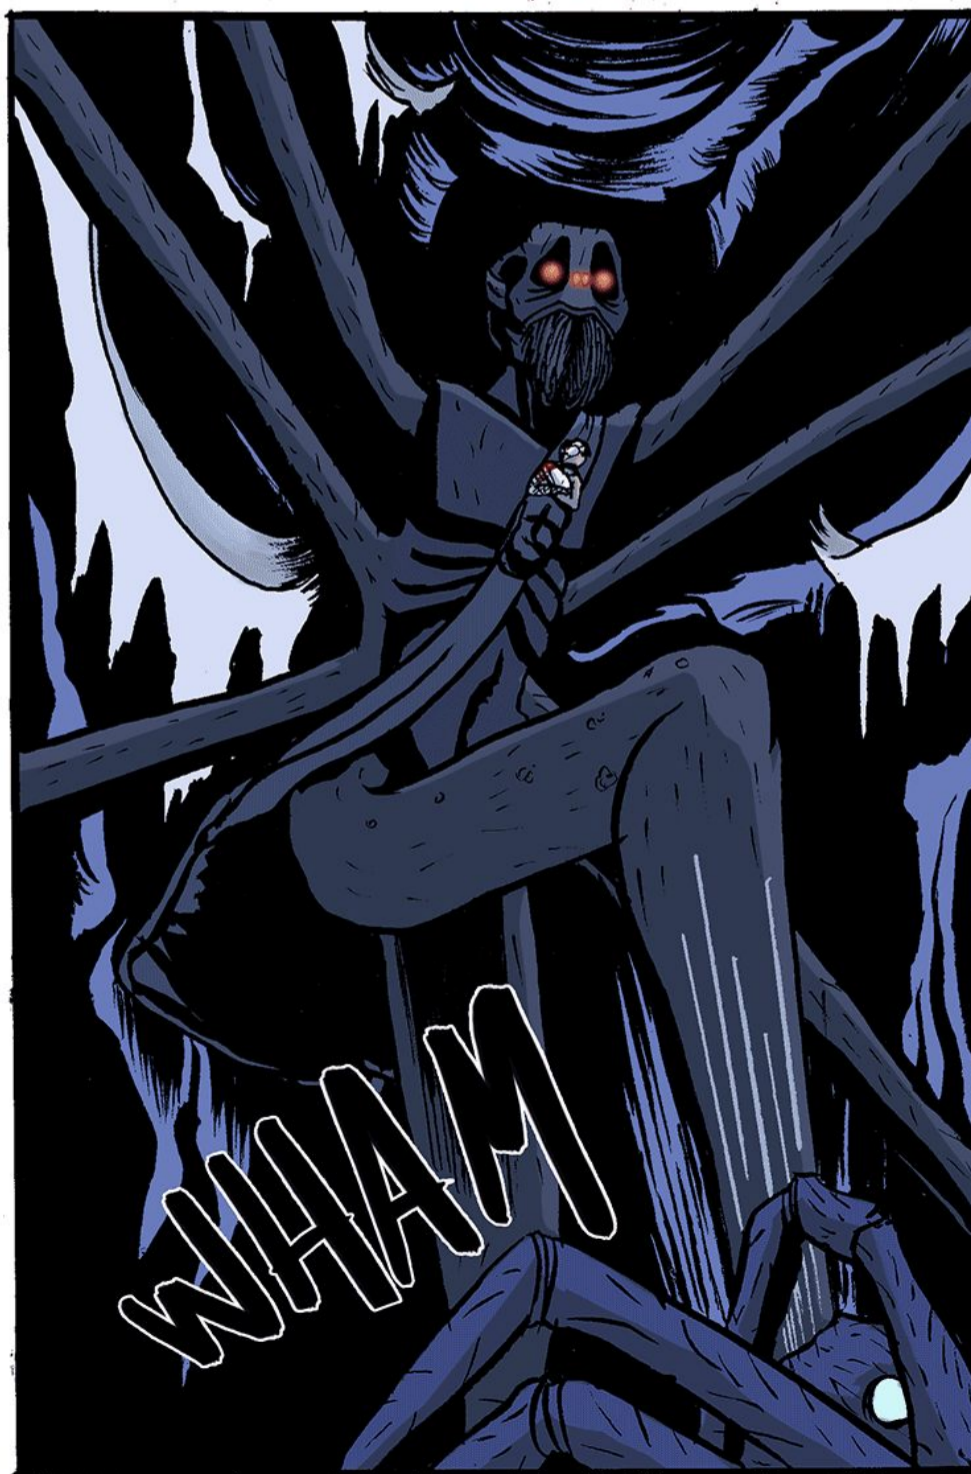

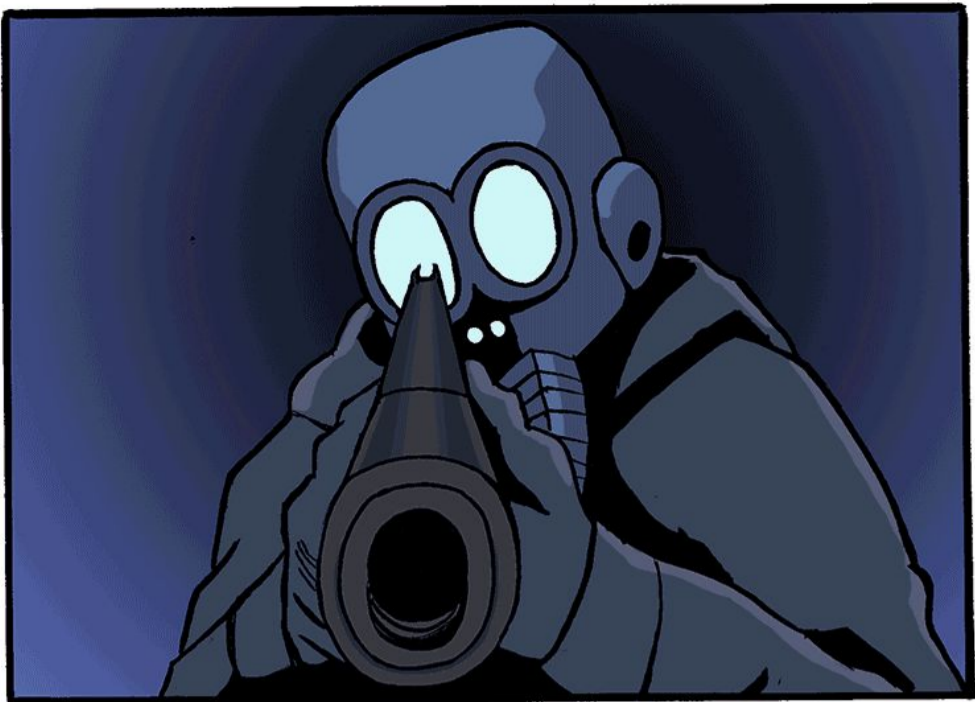

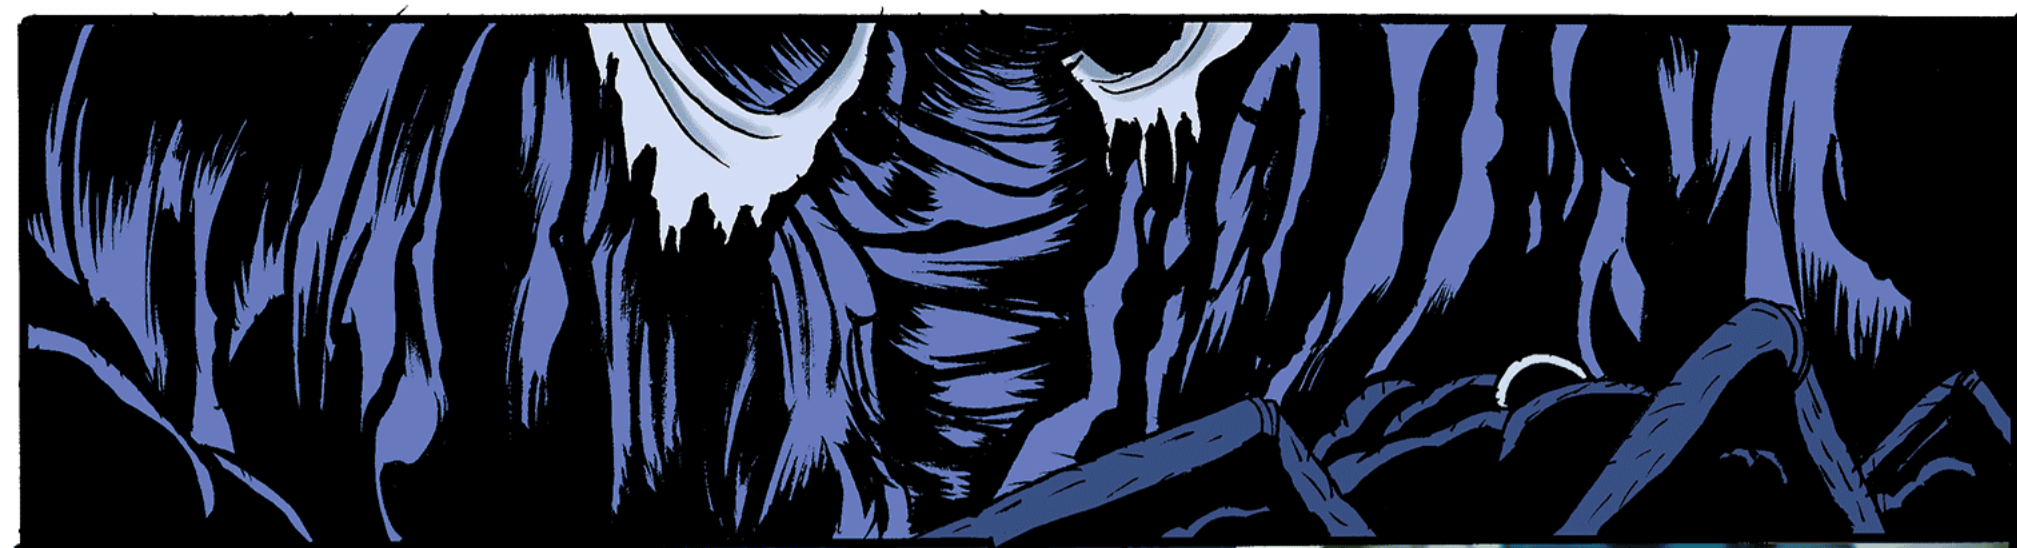

TMP!

Hello?

...Ms. Anika, once you have answered ALL of my questions, we will provide you with the rest of your basic human needs, including food.

That's ok, I'm not that hungry anyway... And I've told you everything! When can I leave?

You can't – not on your own. How did you get that mark on your left arm?

Yes, my Needle Drone is filming you for my colleagues. Get used to it.

Again, I don't know!.. Does your spider robot-thing need to be here?

That's a stupid name.

ZZPT HUMANS.

Your opinion. Now...

Did you hear something?

ERROR

PRIVATE PROPERTY
NO TRESPASSING
SURVIVORS BE SHOT

...With that bite on your shoulders, you should be close to death or mutating, like that man on the monitor behind me. The only clue that we have is that injection mark.

Holding back information is not helping ANYONE, especially you...and I've lost my patience. Were you sent here by ADMIN?

Listen, I don't even know who or what that is, and I TOLD YOU how my friends and I got here! I'm just as confused and spooked as you are about my arm!

I was climbing out of here when I was picked up by a GIANT...uh...it had orange eyes, four of them! I was completely paralyzed when I was carried outside, then I passed out sometime after that! I woke up after my friend found me, so--

Wait, orange eyes?

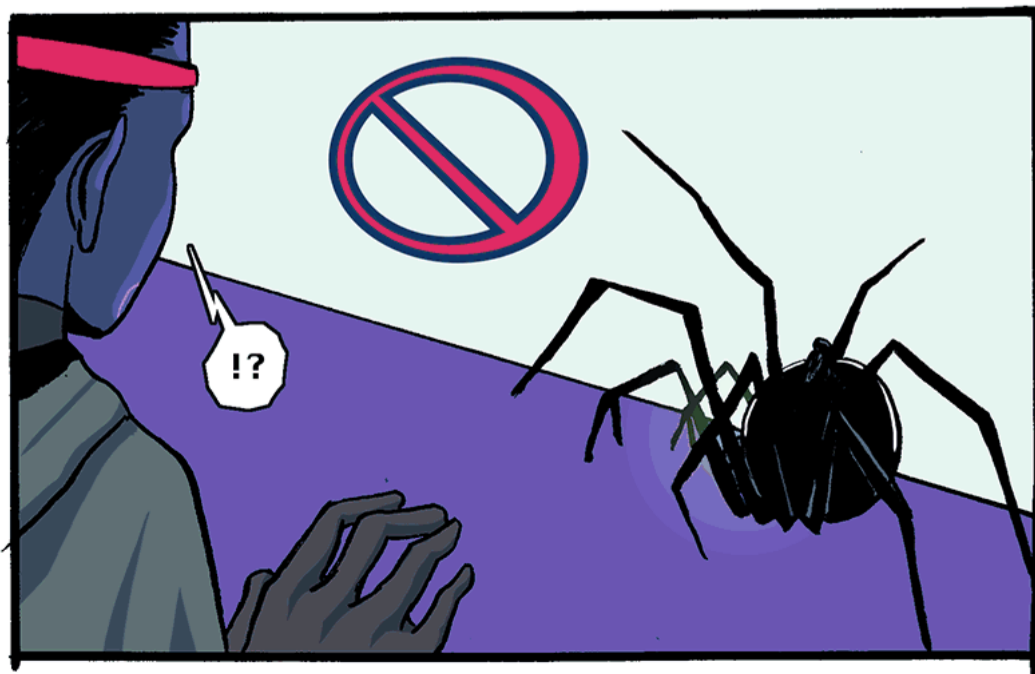

Yes!

Did the creature look like-

...Who could that be?... IS SOMEONE THERE!?

What?

!?
